General Prediction

Character

You think out things that are original in character. These may take widely diverse forms. You might invent some very ingenious contrivance or evolve a new method. Whatever it is, the world will be taken a step forward on your account. There is no doubt that you set great score on honesty, using the term in its widest sense. You require your friends to be honest in purpose, honest in speech, as well as in money affairs. Your greatest weakness lies in the way you treat others. You cannot tolerate inefficiency and you are apt to consider those who do not see eye to eye with you as being hopelessly beneath contempt. It would not be difficult for you to cultivate a more charitable and tolerant view towards those who are likely to earn your disapproval. At any rate, it is well worth trying. You are a person of considerable action. You are never still. You are always making plans and the thing you can least tolerate is inactivity. You have much self will, and the spirit of independence is firmly planted in you. You resent the interference of others, perhaps more than you should, and freedom is a quality you prize very highly- freedom not only of action but also of thought.

Happiness And Fulfillment

You are a person who live in fantasy. Hypersensitive, many of you have inferiority complexes, feeling slighted by taking the most unrelated incident as personal insult. It is important that you do not indulge in drugs or alcohol, for this adds to your unclarity. You be honest with yourself and others, and attempt to be as realistic as possible, for you tend toward escapism. Music, colours and nature are very positive in smoothing your overly sensitive being.

Life Style

You are precisely the one, people are talking about when they say that behind every successful person there is a lover. Your marriage partner will motivate you to accomplish your objectives.

Kundli Print

Career

You are authoritative and stubborn in your business life. You must be the leader than the follower. Try to look at problems objectively, and do not make decisions just because you are obstinate, as this could be your biggest bottleneck to achieving job happiness and success.

Occupation

You are not particularly well suited to a business or commercial life, since these demand a practical nature which you do not possess. Moreover, many of them entail monotony and routine which would grate very harshly on your artistic temperament. Let it be said that, while you would fail in these directions, there are plenty of occupations in which you ought to do remarkably well. There are many branches in the world of music where you would find congenial work. Literature and the drama may be cited as other suitable outlets for your talents. Generally speaking, you have an aptitude for several of the highest professions. The law and medicine may be instanced. But, while mentioning the latter, it must be admitted that some of the pathetic sights which the doctor sees might shake your finely-balanced temperament.

Health

You put a high price on your comforts. As an outcome of this trait, you are something of a gourmet and enjoy your food. In fact, you do not eat to live but, rather, live to eat. It is not surprising, then, to find that your digestive apparatus will be the portion of your body which will give you the most concern. Do not neglect such ailments as indigestion and, when they come, do not try to cure them by means of drugs. Take moderate exercise such as walking and mild physical jerks. Breathe plenty of fresh air, put yourself on a rational diet and eat fruit. However, if it prolongs you must visit a doctor. After fifty years of age, beware of inertia. You will be apt to give up this and that, and grow into an individual who loses his hold on life. Keep up your interest in things, develop your hobbies and remember that nobody can grow old if they mix with younger people than themselves.

Kundli Print

Hobbies

You will take up many hobbies. You will become very much wrapped-up in them. Then, suddenly you will lose patience and cast them aside. Another will be chosen and it will suffer the same fate in due course. You will proceed through life in this manner. On the whole, your hobbies will afford you considerable pleasure. You will learn much from them, seeing that you will sample so many.

Love Matters

Generally, you are very careful in taking a partner. The horror of making a possible mistake seems to be magnified in your eyes and you are very cautious. As a consequence, you marry later than usual. But, once you make a choice, you become charming and devoted spouse.

Finance

The question of finance will be a very peculiar one for you. There will always be a likelihood of considerable uncertainty and fluctuation in money matters, but you will, at times make large sums of money by your inventive ideas. You will be inclined to live in a land of dreams and illusions and meet many disappointments. You should avoid all speculations and gambling of every kind. In money matters for you, the unexpected is more likely to happen than the expected. Original ideas and plans will be born in your mind not inclined to fit in with other people's views. You will make money by unusual methods, you could become an inventor or an unconventional professional. In many ways, in inventions or businesses connected with risk or chance, you will be lucky. You will have clever original ideas as to how things should be done but as you are not likely to get on easily with partners, you are liable to see many of your excellent plans come to nothing.

Education

You are a sensible person by nature, which will also help you to handle various situations in life. You are likely to experience obstacles in your studies but will face each and every situation without succumbing to fear. Your urge to acquire more and more knowledge will help you climb the ladder of success. In the initial phase of your life, you may encounter

Kundli Print

certain difficulties, but you will prove to be lucky in your studies solely because of your concentration skills. Sometimes, you may find it difficult to remember certain things, but thinking hard during such time can make everything crystal clear. This aspect of your character will help you to succeed in the realm of your studies.

This is the peak of Shani's Sade Sati. Generally this phase of Saturn is the most difficult one. Saturn transiting over natal Moon indicates health problems, character assassination, problems in relationship, mental afflictions, and sorrows. You will find it difficult to achieve success in this period. You may not get results of your hard work and feel restricted. Your constitution and immune system will not be strong. As the first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. You will be spiritually inclined and will be attracted by intricacies of nature. Acceptance and doing basics right will sail you out of this period.

Shani Sade Sati: Setting Phase

This is 'setting' period of Shani's Sade Sati. Saturn will be transiting in the 2nd house from the natal Moon, which indicates difficulty on financial and domestic front. You will start feeling slight relief after having two difficult phases of Sade Sati. Still, misunderstandings and financial stress can be seen during this period. Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Note : Above predictions are of general nature and are based on general belief that Sade Sati is harmful. Truly speaking, we found that it is not always the case and we recommend reading [this article on Sade Sati](#). Any conclusion based on Sade Sati alone is not correct and has good chances of failing. Certain factors like current running dasa and nature of Saturn also needs to be analyzed before we can conclude whether Sade Sati period will be malefic or benefic. You are advised not to take above forecasts seriously and in case of any doubt, consult a good astrologer.

Kalsarp Dosh/ Yog - Kalsarp Remedies

Kalsarp Yog is not present.

As per the popular definition, when all planets are situated in between Rahu and Ketu in birth-chart or horoscope, the astrologers call it Kalsarp Dosh. In present days, discussions about this dosh are vogue among Jyotishi or Hindu Astrologers of India. Many of troubles in one's life are attributed to Kalsarp Dosh. Without analyzing other areas of astrology, most astrologers, in fact, accept Kalsarp dosh as main root of problems. But the reality is this that if all planets are well posited in horoscope, Kalsarp dosh will not be harmful, and can be supportive to beneficial results endowed by good positions of planets. Kalsarp dosh is inauspicious only when positions of other planets are unfavorable in one's horoscope.

Therefore, it is not wise to fear hearing just about 'Kalsarp Dosh'. It is in fact always better to reach on remedies only after consulting jyotishi for deep analysis on negative influences of Kalsarp dosh. Interestingly, influence of kalsarp dosh is different in different people. Because influence of kalsarp dosh is based on points- which sign is posited in which house, and what other planets occupied that house, what are their influences and so on.

Lord Hanuman, Kartikeya / Murugan

Ishta Devata: Who and Why?

Moksha is a concept associated with the birth and rebirth cycle, and Vedic Astrology defines the attainment of moksha as the only purpose in life for every human being. Our Ishta Devata or chosen deity is the one whom we pray to, and who can guide us to our true purpose - salvation. Ishta Devata, literally translates to 'the favored deity' whom we worship, and is the higher power, whom we connect with spiritually. He/She guides us through life, helping us live a fulfilling and protected life, and then finally directing us into leaving the cycle of rebirth behind to experience of oneness with the One Supreme Self. Unlike our Kul Devata, the Ishta Devata is unique for every individual, and can be easily discovered through our birth chart. As per astrology, one should definitely worship their specific Ishta Devata. The rituals behind the veneration of your chosen deity are rather easy to follow and are mainly based on the chanting of mantras pertaining to them.

How To Find Your Chosen Deity (Ishta Devata)

Kundli Print

The knowledge about one's Ishta Devata can easily be discovered through the Atmakaraka in Navamsa in our birth charts. The Atmakaraka is the planet with the highest degree in our kundli. The Navamsa, on the other hand, is the ninth division in our birth chart, that signifies Dharma and thereby is also known as the Dharma-amsa. The Atmakaraka in one's Navamsa is called the Karakamsa and the twelfth house or sign from it pertains to our Ishta Devata. The planets posited in this house determine our chosen deity, however, if this house is empty then the Lord of the house is taken as the significator. Every planet pertains to a certain deity who has to be worshipped.

Remedies

Remedies are like treatment of yourself to avoid malefic effects of planets and to improve good effects of positive planets according to your horoscope. If you are sick, you consult medical practitioner. What he does? He first checks your bodily symptoms and then asks for conducting some test to investigate root cause of problem. Thereafter, he prescribes you some medicines and also tells about some precautions. Similarly, an astrologer first sees your bodily symptoms, then he analyses your chart in depth and finds out root cause of your sufferings and thereafter he suggests some remedies (as medicines) and also tells you about some do's and don'ts (precautions). Therefore, remedial measures always help you overcome most of your worries and issues pertaining to different walks of your life.

Shad Bala s Bhav Bala Tables

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. 'Shad' in Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.

Yogini Dasha Predictions

In the field of Vedic Astrology, where Vimshottari Dasha is considered to be most significant, there Yogini Dasha also has its particular relevance. Many learned astrologers make use of Yogini Dasha in addition to Vimshottari Dasha because doing so brings forward better results and it helps in predictions as well. The Vimshottari Dashas are of the nine planets (navagraha), and their duration is of 120 years. On the other hand, there are a total of eight Yogini Dashas, and they span a length of 36 years, after which they restart. Each Yogini Dasha has a lord planet, namely:

Mangala (Moon)

Total duration of 1 year

Pingala (Sun)

Total duration of 2 years

Dhanya (Jupiter)

Total duration of 3 years

Bhramari (Mars)

Total duration of 4 years

Bhadrika (Mercury)

Total duration of 5 years

Ulka (Saturn)

Total duration of 6 years

Siddha (Venus)

Total duration of 7 years

Sankata (Rahu)

Total duration of 8 years

Thus, beginning with the birth of a native, each of these 8 Yogini Dashas influences the person for a total of 36 years. Once this duration is complete, the Yogini Dasha from their birth emerges again, and once more, this process is repeated.

As each of these Dashas and their duration differs, thus, their results vary too. Let us discover the effects of a Yogini Dasha on you:

Mangala (Moon) Yogini Dasha

During this Dasha, you will have the privilege of participating in many religious programs and your mind will move towards purity. You will attain prosperity and a Quence will become an integral part of your life. Various yogas indicating attainment of clothes, jewellery, comforts, facilities, fame, and honour will be formed.

Moreover, you can also organise an auspicious function at home in this duration. Auspiciousness will become a part of you in this Dasha, and all your problems will be resolved. Not only will your health improve, but there will also be an increase in your name

and fame. You can also find a loyal and courteous life partner or become a parent to obedient and fortunate children.

Pingala (Sun) Yogini Dasha

Some problems may arise during this Dasha, for natives. You will be prone to mental stress and physical sufferings. If other yogas are present in the kundali, then there are possibilities of heart disease during this time. Simultaneously, health problems due to heat or accidents and fire-related problems may also trouble you. However, with the help of an elder or a senior, you will attain success in your work. Keeping the wrong company at this time can result in a loss of your honour and fame. Yet, on the other hand, you will get skilled in business and attain relief from troubles and tribulations. The pleasure of power may also be on the cards for some. Thus, on the whole, this Dasha will bring mixed results for you.

Dhanya (Jupiter) Yogini Dasha

During this Dasha, you can attain happiness in various forms, sufficient wealth, and good health. Moreover, there will be an increase in your prosperity, and you may also earn more fame. Married people will lead a happier married life, while unmarried natives may get proposals for marriage. Awards and glory from the government are probable, so are the chances of going on a pilgrimage. You will become more inclined towards religion, and during this time, wealth and fortune in your life will increase.

Bhramari (Mars) Yogini Dasha

During this Dasha, you may have to face some troubles or difficulties. There will be yogas indicating travelling from one place to another. Not only will these trips be numerous, but some may even be unnecessary. The latter will not bring any exclusive benefits for you, and you may even lose money as a result of them. Urgent work can take you far from your home, and there can also be a decrease in your name and fame at this time. Therefore, you need to pay special attention to your work and ensure that they do not bring any problems for you.
